

COMPLAINTS AND APPEALS POLICY AND PROCEDURE

1. PURPOSE

This document specifies the complaints and appeals policy and procedure of Southern Lights International College. It sets out guidance for staff and students regarding student complaints and appeals relating to both academic and non-academic matters.

2. POLICY STATEMENT

The College is committed ensuring its students have the right to natural justice protected through access to professional, timely, inexpensive and documented complaints handling and appeals processes, which are publicly available.

This policy applies to and may involve issues concerning the conduct of:

- The College as an organisation, its trainers, assessors or other staff
- Third party's services provided on the behalf of the College, including education agents, or any related party the registered provider has an arrangement with to deliver the overseas student's course or related services
- Its trainers, assessors or other staff; or
- A student at the College.

The College's internal Complaints And Appeals Policy And Procedures provide:

- a process for overseas students to lodge a formal complaint or appeal if a matter cannot be resolved informally;
- a process to respond to any complaint or appeal a student makes about the College or any agent or related party the College engages;
- a process to begin assessing a complaint or appeal within 10 working days of the student lodging it and finalising the outcome as soon as practicable;
- a procedure to conduct the assessment of the complaint or appeal in a professional, fair and transparent manner;
- the opportunity for the student to present their case at minimal or no cost and be accompanied and assisted by a support person if necessary;
- the student with a written statement of the outcome of the complaint or appeal, including the reasons for the outcome, and keeps a written record of complaints or appeals on the student's file.
- For the College to maintain the student's enrolment during the process

As part of the continuous improvement practices of the College, all complaints are analysed for the causes/issues and corrective and preventative actions are recorded in the Complaints Register and in the Continuous Improvement Register for appropriate action.

If the student is not successful in the College's internal complaints handling and appeals process, the College must advise the overseas student of their right to access an external complaint handling and appeals process at minimal or no cost. This advice will be given to the student within 10 working days of the completion of the internal review.

In most cases the purpose of the external appeals process is to consider whether the College has followed its own policies and procedures, rather than make a decision in place of the institution.

When an external appeals process has been completed, the College must immediately implement the decision or recommendations and/or take the preventative or corrective action required by the outcomes of the external complaints handling or appeals process and notify the overseas student of the outcome.

Appeals overview

SLIC has an appeals policy to manage requests for a review of decisions, including assessment decisions, made by the College or a third-party providing services on the College's behalf (if applicable).

Students are entitled to appeal assessment outcomes, complaints handling outcomes and general decisions if they feel they are unjust for up to 20 working days after they have been informed of the decision.

The College encourages students to attempt to resolve their grievances informally prior to submitting a formal internal appeal.

Internal appeals may be submitted by completing the Appeals Form available on the website or from reception.

The College will ensure the internal appeals processes will begin within 5 working days of receiving the formal written lodgement of the internal appeal.

The College will ensure that the internal appeal decision maker is independent of the decision being reviewed. The student's enrolment will continue throughout this process.

Students are also entitled to access an external appeals process at minimal or no cost if not satisfied with the result or conduct of the internal complaint handling and appeals process.

The external independent third party will manage the external appeals process through to completion. The College will not take any further action until the external appeals process has been completed.

Internal Appeal Procedure

- Students who are not satisfied with the result of a complaint or the conduct of the complaint handling process, or an assessment or general college decision, are able to appeal the decision.
- Prior to lodging a formal internal appeal, the student is encouraged to request a meeting with a member of the Management Team to discuss the matter.
- The member of the Management Team will attempt to resolve the appeal informally at the meeting.
- If the attempt to resolve the appeal informally with the assistance of the member of the College Management Team is unsuccessful, or the student is dissatisfied with the outcome, the student is invited to lodge a formal internal appeal using the Appeal Form.
- If the student lodges an appeal, they will receive an email confirming that the College has received the appeal request.
- Once an appeal form has been lodged (with any relevant supporting material), the formal internal appeals process will commence within 5 working days from the day it was lodged.
- A member of the college administration team records the appeal in the student's file and on the College Appeals Register.
- A member of the Management Team, one that was not involved in the complaint management stage or the owner of the general decision the student wishes to appeal, will contact the student and provide them with an opportunity to submit additional information relevant to the original complaint. A meeting may also be arranged to discuss matters further. There is no cost to the student for this process.
- Only a member of the Management Team may deal with a formal internal appeal assuming they did not make the decision that led to the appeal.
- If no members of the Management Team are eligible to address the internal appeal, the appeal will be directed to an external body for review at no cost to the student.
- The Resolution Institute, the national association of dispute resolvers, is an appropriate third party. Head Office details as follows:
Address: Level 1, 13 Bridge Street Sydney NSW
Phone: (+61 2) 9251 3366

Free call: 1800 651 650

Email: infoaus@resolution.institute

Website: <https://www.resolution.institute>

- If a meeting is scheduled, the student may be accompanied and assisted by a support person. This applies to any additional meetings involving the internal appeal.
- The College will aim to resolve the appeal within 10 working days from the commencement of the formal internal appeal process unless all parties agree in writing to extend this time.
- Within 5 working days of the conclusion of the internal appeal handling process, the College will inform the student in writing of the outcome of the appeal, including associated reasons for the outcome, and of their right to an external appeal should they not be satisfied with the result or conduct of the internal appeal handling process.
- A record of the outcome, including reasons for the outcome, will be retained in the student's file.
- If any matter arising from the internal appeal indicates a systemic College issue, the PEO will be informed in writing so the matter can be used to inform the continuous improvement activities of the College.
- If the student elects to access the external appeals process, they must inform the College in writing within 5 working days of being informed of the outcome of the internal appeal so that the student's enrolment may be maintained until the process is concluded.
- A record of the appeal is recorded in the student's file.

External Appeal Procedure

- Students that are dissatisfied with an outcome of an internal appeal, are invited to lodge a formal request for an external appeal using the External Appeals Form.
- If the student lodges a request for an external appeal using this form, they will receive an email confirming that the College has received the external appeal request.
- The external independent third party will manage the external appeal process through to completion and the College will abide by its decision.
- The Resolution Institute, the national association of dispute resolvers, is an appropriate third party. Head Office details as follows:

Address: Level 1, 13 Bridge Street Sydney NSW
Phone: (+61 2) 9251 3366
Free call: 1800 651 650
Email: infoaus@resolution.institute
Website: <https://www.resolution.institute>

- The College must maintain the student's enrolment until the external appeal process is complete.
- Following the receipt of the outcome of the external appeal by the independent third party, the College will immediately implement the decision, convey the outcome to the student, place a copy of the documentation on the student's file, and undertake any continuous improvement actions arising from the decision.
- Nothing in this policy and procedure inhibits a student's rights to pursue other legal remedies. Students are entitled to resolve any dispute by exercising their rights to other legal remedies.

The College must only report an overseas student for unsatisfactory course progress or attendance in PRISMS after:

- the internal and external complaints processes have been completed and the breach has been upheld;
- the overseas student has chosen not to access the internal complaints and appeals process within the 20 working day period;
- the overseas student has chosen not to access the external complaints and appeals process; or
- the overseas student withdraws from the internal or external appeals process, by notifying the registered provider in writing.

Continuous Improvement

- Upon closure of the complaint or appeal, the PEO/delegate will undertake a root cause analysis to determine if there are any systemic issues that require attention to identify any long-term opportunities for improvement.
- Where an issue is found the PEO/delegate will raise a Continuous Improvement Form, refer it to the regular management meeting for consideration and acted upon appropriately to prevent the issue from reoccurring and documented in the Continuous Improvement Register
